WEDNESDAY, MARCH 3, 2010

The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Dr. Lincoln James, Jr., Trinity Baptist Church, Richmond, Virginia, offered the following prayer:

Eternal God our Father, We ask Thy blessing upon the men and the women in this house who make the laws of the Commonwealth.

Illuminate their minds, so that pride and prejudice and half-truths may find no quarter there, as they make the critical decisions that will affect the citizens of the Commonwealth.

Illuminate their hearts, that every impure thought, and low desire may find no shelter there.

Save them from living by public opinion polls or according to the wishes of the wealthy and privileged, but at all times and in all issues, make their decisions according to Thy will and way.

Help them to deal justly, love mercy, and walk humbly with Thee, that they might never forget the least, the last, the lowly, and the lost of our Commonwealth.

Compel them to be concerned for the human needs of every man and woman and child, keeping them ever sensitive to the moral issues that confront them.

Teach them to know Your truth, and to govern by Thy will, that they may be guarded by Your love, and strengthened by Your power.

All these things we ask in the name of our eternal Father, in whom we live, and move and have our being.

Amen.

B. Out of the amounts provided for in this Item, no expenditures shall be made to provide security devices such as magnetometers in standard use in major metropolitan airports. Personnel expenditures for operation of such equipment incidental to the duties of courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. Notwithstanding the provisions of § 53.1-120, or any other section of the Code of Virginia, unless a judge provides the sheriff with a written order stating that a substantial security risk exists in a particular case, no courtroom security deputies may be ordered for civil cases, not more than one deputy may be ordered for criminal cases in a district court, and not more than two deputies may be ordered for criminal cases in a circuit court. In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. Should the scheduled opening date of any facility be delayed for which funds are available in this Item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.

E. Consistent with the provisions of paragraph B of Item 424, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Master Deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meets the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 Master Deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by July 1 for an effective date of participation the following July 1.

3. Subject to appropriations by the General Assembly for this purpose, funding shall be provided by the Compensation Board for participation in the Master Deputy Program to sheriffs' offices electing participation after January 1, 1997, according to the date of receipt by the Compensation Board of the election by the sheriff.

4. Beginning on July 1, 2010, state support for the Master Deputy Program is suspended and state general fund appropriation supporting the Master Deputy Program is removed.

H. There is hereby reappropriated the unexpended balance in this Item on June 30, 2010, and June 30, 2011.

I. The Compensation Board shall estimate biannually the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board's biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 424 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs' offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. The

source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. For the first year of the biennium, the Compensation Board shall allocate positions based upon the most recent provisional population estimates available at the time the agency's annual budget is completed.

J. Any amount in the program Financial Assistance for Sheriffs' Offices and Regional Jails may be transferred between Items 417 and 418, as needed, to cover any deficits incurred in the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities, and Financial Assistance for Sheriffs' Offices and Regional Jails.

K.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Sheriffs' Career Development Program.

2. Following receipt of a sheriff's certification that the minimum requirements of the Sheriffs' Career Development Program have been met, and provided that such certification is submitted by Sheriffs as part of their annual budget request to the Compensation Board, the board shall increase the annual salary shown in Paragraph A of this Item by the percentage shown below for a twelve-month period effective the following July 1:

a. 9.3 percent increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program, where such criteria include that a sheriff's office seeking accreditation has been assessed and will be considered for accreditation by the accrediting body no later than March 1, and have achieved accreditation by March 1 from the Virginia Law Enforcement Professional Standards Commission, or the Commission on Accreditation of Law Enforcement agencies, or the American Correctional Association, or,

b. For sheriffs that have not achieved one of the above accreditations:

1. 3.1 percent for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program; and

2. 3.1 percent additional increase for sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program and operate a jail; and

3. 3.1 percent additional increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program and provide primary law enforcement services in the county.

3. Beginning on July 1, 2010, state support for the Sheriffs' Career Development Program is suspended and state general fund appropriation supporting the Sheriffs' Career Development Program is removed.

L. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia, \$8,000,000 the first year and \$8,000,000 the second year from the Wireless E-911 Fund is included in this appropriation for local law enforcement dispatchers to offset dispatch center operations and related costs.

M. Included in the appropriation for this Item is \$2,326,937 the first year and \$2,443,441 the second year from the general fund to support costs associated with staffing the Rappahannock Regional Jail Unit D, the Pittsylvania County Jail expansion, the replacement facility for the Patrick County Jail and the Blue Ridge Regional Jail expansion.

N. Notwithstanding § 15.2-1609.1, Code of Virginia, the Compensation Board shall fund local law enforcement deputies for any county without a police force at no more than one deputy for each 2,000 population. The Compensation Board is authorized to provide five law enforcement deputies for counties without a police force and a population less than 10,000.

O. Included in the appropriation for this Item is \$4,150,224 the first year and \$10,837,085 the second year from the Virginia Public Safety Fund to support local court security deputies.

P. Included in the appropriation for this Item is \$4,150,224 the first year and \$10,837,085 the second year from the Virginia Public Safety Fund to support local law enforcement deputies."

Authority: §§ 53.1-83.1, 53.1-84 and 53.1-85, Code of Virginia.

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2011, and June 1, 2012, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this Item, the following definitions shall be applicable:

1. Effective sentence--a convicted offender's sentence as rendered by the court less any portion of the sentence suspended by the court.
2. Local responsible inmate--(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.
3. State responsible inmate--any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is (i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years.

C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.

E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to incarceration program operated by, or under the authority of, the sheriff or jail board:

1. For local responsible inmates--\$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate day.
2. For state responsible inmates--\$12 per inmate day.

F. For the payment specified in paragraph E1 of this Item for prisoners in alternative punishment or alternative to incarceration programs:

1. Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.
2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of \$22 per day for local responsible inmates and \$28 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H1.

4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. Any sheriff or regional jail administrator who houses contract prisoners from other states, the District of Columbia, or the federal government for more than 48 hours, shall provide a monthly report to the Director, Department of Corrections, which shall include the classification of the level of security of each such contract inmate and the level of security of the housing unit in which such inmates are confined.

6. The Compensation Board shall apply the cost recovery methodology set out in paragraph H1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.

7. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth’s cumulative capital contribution.

I.1. Within the limits of funds appropriated in this Item, local and regional jails shall enter into agreements with the Director, Department of Corrections, to house state-responsible offenders and effect transfers of convicted state felons between and among local and regional jails.

2. Such agreements shall be entered into for a period of one year, subject to the limitations of available funding and shall be for offenders in work release or other reentry programs, with a minimum percentage of bed space guaranteed by the local or regional jail and shall take precedence over contracts for housing federal prisoners, within the limits of bed space availability as defined pursuant to standards of the Board of Corrections, except in any case where a federal agency has contributed a share of the capital cost of the facility in return for a guarantee of a proportional number of beds. Bed space pursuant to such agreements shall be determined by the Director, Department of Corrections, based upon state prisoner intake compliance, operational capacity of the jail, and current and projected prisoner population of the jail.

3. Pursuant to such jail contract bed agreements, the Compensation Board is authorized to provide payment to localities in an amount not to exceed \$8 per state felon day, which shall be in addition to any such amounts otherwise authorized by this act. Any such funds received by the localities as a result of this provision shall be used for the maintenance and operation of the local or regional facility.

J. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 417 and 418, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs’ Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.

K. Projected growth in per diem payments for the support of prisoners in local and regional jails shall be based on actual inmate population counts up through the first quarter of the affected fiscal year.

L. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Mental Health, Mental Retardation and Substance Abuse Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.”

B. No expenditure shall be made out of this Item for the employment of investigators, clerk-investigators or other investigative personnel in the office of an attorney for the Commonwealth.

C. The attorneys for the Commonwealth shall account for the amounts collected and apportion costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

D. The provisions of this act notwithstanding, no Commonwealth’s attorney, public defender or employee of a public defender, shall be paid or receive reimbursement for the state portion of a salary in excess of the salary paid to judges of the circuit court. 3. If any sheriff, superintendent, county administrator, or city manager fails to send such information within five working days after the information should be forwarded, the Chairman of the Compensation Board shall notify the sheriff, superintendent, county administrator or city manager of such failure. O. Effective July 1, 2007, the Compensation Board is authorized to withhold reimbursements due the locality for sheriff and jail expenses upon notification from the Superintendent of State Police that there is reason to believe that crime data reported by a locality to the Department of State Police in accordance with § 52-28, Code of Virginia, is missing, incomplete or incorrect. Upon subsequent notification by the Superintendent that the data is accurate, the Compensation Board shall make reimbursement of withheld funding due the locality when such corrections are made within the same fiscal year that funds have been withheld.

P. Included in this appropriation is \$993,274 the first year and \$993,274 the second year from the general fund for the Compensation Board to contract for services to be provided by the Virginia Center for Policing Innovation to implement and maintain the interface between all local and regional jails in the Commonwealth and the Statewide Automated Victim Notification (SAVIN) system, to provide for SAVIN program coordination, and the Virginia Sex Offender Registry.

"g. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at \$57,610,000 in fiscal year 2011 and \$57,792,000 in fiscal year 2012. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. By fiscal year 2011, high schools within the division shall administer 100 percent of SOL tests online; by fiscal year 2012, middle and high schools shall administer 100 percent of SOL tests online; and by fiscal year 2013, elementary, middle, and high schools shall administer 100 percent of SOL tests online. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) The Board of Education shall authorize amounts estimated at \$10,704,564 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in fiscal year 2011.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs in fiscal year 2011 and in fiscal year 2012. In developing the proposed 2012-14, 2014-2016, and 2016-2018 biennial budgets for public education, the Board of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2013, 2014, 2015, 2016, 2017, and 2018.

4) Grant funds from the issuance of \$57,610,000 in fiscal year 2011 and \$57,792,000 in fiscal year 2012 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2010, for the fiscal year 2011 issuance, and September 30, 2011, for the fiscal year 2012 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.

5) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that administer SOL tests in Spring 2010 and that are not fully accredited based on school accreditation ratings in effect for fiscal year 2011 will qualify for a supplemental grant of \$26,000 per school in fiscal years 2011, 2012, and 2013. Schools that administer SOL tests in Spring 2011 and that are not fully accredited based on school accreditation ratings in effect for fiscal year 2012 will qualify for a supplemental grant of \$26,000 per school in fiscal years 2012, 2013, and 2014. Schools eligible to receive these three-year supplemental grants shall only receive them one time.

6) Required local match:

a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match shall be used for teacher training in the use of instructional technology. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The School for the Deaf and the Blind is exempt from the match requirement.

b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants of \$26,000 per school pursuant to paragraph g. 5) and where 100 percent of SOL tests are administered online in the schools receiving the supplemental grants shall give first priority to purchasing these technology-based interventions as well as teacher training in the use of the interventions from their required local match.

7) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.

8) Funds shall be used in the following manner:

a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.

b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.

c) School divisions shall be eligible to apply for and receive supplemental grants of \$26,000 per qualifying school pursuant to paragraph g. 5). These supplemental grants shall be used first for the purpose of developing and maintaining capacity to support 100 percent online SOL testing of all students in qualifying schools and helping the schools achieve full accreditation with the assistance of targeted technology-based interventions. Any purchase of technology-based interventions as described in paragraph g. 6) b) with supplemental grant funds must be qualifying expenses under the technology notes program. Eligibility for these funds requires divisions to submit an application and plan that includes goals, objectives, strategies, and a timeline for implementation. Division plans will be reviewed and approved by the Superintendent of Public Instruction prior to disbursement of the supplemental grant funds.

d) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

9) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.”.

Alternatives discussed during peer-to-peer consultations may be based upon: (i) evidence-based criteria available regarding efficacy or safety of the covered treatments; (ii) policy approval by the Drug Utilization Review Board; and/or (iii) FDA approved indications and dosage levels. However, the target prescriber has final decision-making authority to determine which behavioral health medications to prescribe or refill.”

“J.1 The Department of Corrections, with support from the Virginia Criminal Sentencing Commission, the Parole Board, and the Departments of Medical Assistance Services and Planning and Budget, shall consider the feasibility and desirability of establishing a geriatric parole release facility for older correctional inmates with special medical needs, who could be released on parole on the condition of living in this special facility. Such a facility should include sufficient security provisions to restrict residents who might attempt to leave without staff permission, but should otherwise not be deemed a correctional facility. The Department shall consider whether an existing state facility which has been closed might be a suitable location for such a facility, and whether the services provided in such a facility might be eligible for Medicaid reimbursement. The Department shall issue a request for proposals for a privately owned and operated geriatric parole release facility. A report on the results of this review, including the response to the request for proposals, the expected numbers of geriatric offenders who might be paroled to such a facility over the next six years, and a cost analysis of contracting for such a facility compared to maintaining the same offenders in a state correctional facility, shall be provided to the Secretary of Public Safety and the Chairmen of the Senate Finance and House Appropriations Committees by November 15, 2010.”

2. Compelling reasons may include reliance on any evidence-based risk assessment tool developed by the Virginia Criminal Sentencing Commission for consideration of candidates for parole or geriatric release that is consistent with best practices.

3. Any decision to deny geriatric release or discretionary parole in the foregoing cases shall be accompanied by fact-specific individualized reasons for such denial, which weighs any material post-sentencing factors against the nature and circumstances of the offense. Nothing in this provision is intended to deprive any other inmate of the right established in Title 53.1 to fair and meaningful consideration for parole and geriatric release.

4. For purposes of this provision, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determinable physical impairment or deformity that can be expected to result in death or can be expected to last for the duration of such person's life, and "terminally ill" means having an illness or sickness where the medical prognosis is the person's death within six months or less. Authority: Discretionary Inclusion.

A. The purpose of this Item is to capture savings in state aid to local government programs in a manner that provides localities flexibility in how such savings are implemented. This reversion is necessary as a result of the downward adjustment in general fund revenues caused by the slowing of the Virginia economy.

B. Within 30 days after enactment of this act, the Director of the Department of Planning and Budget, shall provide the chief operating officer of each city and county in the Commonwealth a list of certain state aid to local government programs along with an estimate of the general fund amount for each program that each county and city could expect to receive from the state during each year of the biennium. The total amount listed for these programs will serve as the basis for calculating the savings apportioned to each city and county for this item. The savings apportionment will be equal to the percentage of the aggregate general fund amount for all of these state aid programs in each city and county totaling \$50,000,000 the first year.

C. Each city and county in the Commonwealth shall have flexibility in determining how it will implement the savings apportioned to it. Each city or county can choose to (1) take the total savings out of one program included on the list provided by the Department of Planning and Budget, (2) reduce multiple state aid programs on a proportional basis or by a specified percentage reduction, or (3) reimburse the Commonwealth in aggregate for their share of the savings, thereby keeping the state aid programs at an unreduced level. Each locality may also use number 3 above in combination with 1 or 2. The governing body of each city or county shall make its selection and certify its choice to the Director, Department of Planning and Budget, by August 30, 2010. Within 10 days of receipt, the Director, Department of Planning and Budget, shall review such certification for accuracy to ascertain that the required savings apportioned to the city or county are obtainable using the selection(s) submitted on the certification. Unless, the Director, Department of Planning and Budget, finds a certification to include savings that are not obtainable or sustainable, the certification shall be approved and implemented without further delay. In the event that a city or county has not submitted or obtained an approved certification by October 1, 2010, the Director, Department of Planning and Budget, is hereby authorized to withhold an amount equivalent to the savings apportioned to the affected city or county from the aid to local government programs that the Director determines are most discretionary and represent general purpose aid to the local government in question before he begins to withhold any funds from categorical grants serving a particular functional area or public service. The Director, Department of Planning and Budget, shall notify the affected locality of his decision in this regard and such decision shall remain in force unless it is superseded by the subsequent approval of a certification for the affected city or county after October 1, 2010.

D. The savings in state aid to local government programs identified by each city or county on their approved certification (or by the Director, Department of Planning and Budget, in absence of an approved certification) shall be transferred from the other items where such amounts are appropriated in this act to offset the reversion amount listed in this item. Payments from local governments electing to use option (3) above in paragraph C shall be deposited to a suspense account which shall be administered pursuant to § 3-1.03 of this act.”

For purposes of Virginia’s retail sales and use taxes (§ 58.1-600 et seq. of the Code of Virginia), a dealer as defined or described under § 58.1-612 of the Code of Virginia shall be presumed to be soliciting or transacting business by an independent contractor, agent, or other representative, if the dealer enters into an agreement with a resident of the Commonwealth under which the resident, for a commission or other consideration, directly or indirectly refers potential customers, whether by a link on an Internet site or otherwise, to the dealer if the cumulative gross receipts from sales by the dealer to purchasers in the Commonwealth who are referred to the dealer by all residents with this type of agreement with the dealer are in excess of \$10,000 during the preceding four quarterly periods. A dealer to which such presumption applies shall be deemed to have sufficient activity within the Commonwealth so as to require the dealer to register under § 58.1-613 of the Code of Virginia and to collect the tax imposed under or pursuant to Chapter 6 (§ 58.1-600 et seq.) of Title 58.1 of the Code of Virginia. As much today as ever we need the help that only comes from Your greatness. Our common life as Virginians, Lord, seems to be defined more these days by our common scarcities than our common wealth. Bless our Governor, the Cabinet, and all of our Commonwealth's civil servants. Bless our Delegates and these Senators as they are drawing their important work to a close. THURSDAY, MARCH 11, 2010

The Senate met at 10:30 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend F. Todd Gray, Fifth Street Baptist Church, Richmond, Virginia, offered the following prayer:

Lord, God our Creator, Guide now these our servant leaders, that they might best represent all of the citizens of our Commonwealth.

Lend of Your wisdom to guide; Your courage to persevere; and Your mercy to prevail.

In these powerfully painful days for many, who are facing the twin perils of financial distress and political disillusion, let these our representatives be responsive.

Help us to be more mindful of the people's plight than ideology or popularity,

More of collaboration than confrontation, more of our shared suffering than our separate interests.

Engender in us a sense of empathy, that we may feel for both our colleagues and our constituents.

Let those who lack a voice be heard in these chambers, and those who need justice find allies and advocates.

Inspire in us each, the best of our shared aspirations,

That our Commonwealth may be blessed,

That our neighbors may prosper,

And that our leaders may excel.

Let the efforts brought forth in these chambers glorify Your name,

Honor Your intent and advance Your Beloved Community.

Let Your kingdom come; let Your will be done, on earth and in this house, as it is in heaven.

For Thine is the kingdom, and the power and the glory, forever and ever, Amen.

FRIDAY, MARCH 12, 2010

The Senate met at 12 m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend Dr. A.M. Chandler, Cedar Street Baptist Church of God, Richmond, Virginia, offered the following prayer:

O God, the Giver of life and strength through turbulent times, our peace through stormy weather, our joy in moments of grief and sorrow, and our hope for what is to come. We honor You, for being who You are. We thank You for this opportunity to join together as one nation, and one people under God. Even as we embark upon the blessings of this another day, we must pray a prayer of forgiveness, as a result of our individual and communal faults and failures. Please search our hearts and rid us from blood guiltiness.

We recognize and we thank You for our President, our Governor, and our national and state leaders. During this hour, we honor these men and women who serve the citizens of the Commonwealth of Virginia; our Senators, these men and women who represent us with integrity, character, and with a deep sense of humility. We pray now, that they will continue to utilize godly wisdom as they make decisions that will influence this state and the multiple concerns of our communities. Thank You, for all that they've been able to accomplish, as a result of Your strength and Your guidance.

Now we ask, that You would bless this hour, bless this day, this final weekend together. Bless our going out and our coming in, for we are Your creation, and You are our God. So bless us and we shall be blessed; keep us, and we shall be kept; love us, and we shall extend that same love. It's in the name of He, who keeps us during this time of war, this time of financial despair, and He who shall continue to provide all of our needs. It is in Your name that we pray, and together the people of God will together say, Amen!

SATURDAY, MARCH 13, 2010

The Senate met at 11:00 a.m. and was called to order by Lieutenant Governor William T. Bolling.

The Reverend George Williams, Retired Chief Deputy Clerk of the House of Delegates, Mechanicsville, Virginia, offered the following prayer:

O God, here we are again! Hopefully this is the last day of the Session. It was supposed to be, but that's the way the ball bounces at this time of the year, be it budget or basketball! Please Renew us! Refresh us! Refaith us! You are our light and salvation and the strength of our life. You have given us a mind and a heart. May we use both in these closing hours! But what a ride it has been! Half a league, half a league forward. All in the Valley of the Legislative Process rode the Senatorial Forty! Forward the men and the women of the Senate, ours to make reply, ours to reason why, ours to do or die!

O God, there are many folks and things here and there. Lobbyists to the right and the left of us; Media to the left and right of us. Many billions here and many billions not there, and many needs and troubles everywhere!

O God, the House of Delegates and the Governor are always nigh, and our citizens with anxious sighs, volleyed and thundered, O my! Visits, words, letters, phone, fax, and e-mail! But boldly we rode and reasonably well the Winter Charge we made, while the Commonwealth wondered. O God, we trust You will honor the ride we made; Honor the tired and faithful forty, the President, the Clerk and all the Staff, and the young Pages and Messengers.

Now bless our life this day! May good ideas, helpful words, patience, and consideration for each other help us to do our work. Remind us to always engage the brain before opening the mouth. When the work is done, send us home, with the knowledge that we have tried to do our best, always knowing that we never finish the work of serving our Citizens and our Commonwealth. May our work in Richmond this Winter give hope and strength to the People of Virginia.

Peace! Shalom! Salaam! Amen!

Creator God You who are our eternal Parent

Your children here assembled say thank You. Thank You, for the privilege of serving in this State Senate and serving the people of the Commonwealth. We thank You for this 61 day session that now draws to a close. This session has had its successes and its failures. We take comfort in knowing that you are a God who can turn and mold our failures into something good and into something that advances Your kingdom. We take comfort in the scripture that says all things work for good for those that love You.

While we are away from this Senate, please provide us with a time of reflection. Provide us with a sense of what You would have us do when we assemble here in the reconvened session and the 2011 session. While we are away from this Senate, keep us and protect us, refresh us and renew us and remind us to be ever thankful for the privilege of being and ever mindful of the responsibility that goes with being a Senator.

We ask that You bless all of Your Creation and draw all of us closer to You.

Amen.

Following any hearing conducted pursuant to § 19.2-306 and the entry of a final order, the clerk of the circuit court in which the hearing was held shall cause a copy of such order or orders, the original sentencing revocation report, any applicable probation violation guideline worksheets prepared in the case, and a copy of any departure explanation prepared pursuant to subsection F.2., to be forwarded to the Virginia Criminal Sentencing Commission within 30 days.

4. The failure to follow any or all of the provisions specified in F.1. through F.3 or the failure to follow any or all of these provisions in the prescribed manner shall not be reviewable on appeal or the basis of any other post-hearing relief.

5. The provisions specified in F.1. through F.4. shall apply only to hearings conducted pursuant to § 19.2-306 that are held on or after July 1, 2010.”

B. Out of the amounts provided for in this item, no expenditures shall be made to provide security devices such as magnetometers in standard use in major metropolitan airports. Personnel expenditures for operation of such equipment incidental to the duties of courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. Notwithstanding the provisions of § 53.1-120, or any other section of the Code of Virginia, unless a judge provides the sheriff with a written order stating that a substantial security risk exists in a particular case, no courtroom security deputies may be ordered for civil cases, not more than one deputy may be ordered for criminal cases in a district court, and not more than two deputies may be ordered for criminal cases in a circuit court. In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. Should the scheduled opening date of any facility be delayed for which funds are available in this item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.

E. Consistent with the provisions of paragraph B of Item 424, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Master Deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meets the

minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 Master Deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by July 1 for an effective date of participation the following July 1.

3. Subject to appropriations by the General Assembly for this purpose, funding shall be provided by the Compensation Board for participation in the Master Deputy Program to sheriffs' offices electing participation after January 1, 1997, according to the date of receipt by the Compensation Board of the election by the sheriff.

4. Beginning on July 1, 2010, state support for the Master Deputy Program is suspended and state general fund appropriation supporting the Master Deputy Program is removed.

H. There is hereby reappropriated the unexpended balance in this item on June 30, 2010, and June 30, 2011.

I. The Compensation Board shall estimate biannually the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board's biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 424 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs' offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency's annual budget request is completed. The source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. For the first year of the biennium, the Compensation Board shall allocate positions based upon the most recent provisional population estimates available at the time the agency's annual budget is completed.

J. Any amount in the program Financial Assistance for Sheriffs' Offices and Regional Jails may be transferred between Items 417 and 418, as needed, to cover any deficits incurred in the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities, and Financial Assistance for Sheriffs' Offices and Regional Jails.

K.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Sheriffs' Career Development Program.

2. Following receipt of a sheriff's certification that the minimum requirements of the Sheriffs' Career Development Program have been met, and provided that such certification is submitted by Sheriffs as part of their annual budget request to the Compensation Board, the board shall increase the annual salary shown in Paragraph A of this item by the percentage shown below for a twelve-month period effective the following July 1:

a. 9.3 percent increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program, where such criteria include that a sheriff's office seeking accreditation has been assessed and will be considered for accreditation by the accrediting body no later than March 1, and have achieved accreditation by March 1 from the Virginia Law Enforcement Professional Standards Commission, or the Commission on Accreditation of Law Enforcement agencies, or the American Correctional Association, or,

b. For sheriffs that have not achieved one of the above accreditations:

1. 3.1 percent for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program; and

2. 3.1 percent additional increase for sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program and operate a jail; and

3. 3.1 percent additional increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program and provide primary law enforcement services in the county.

4. Beginning on July 1, 2010, state support for the Sheriffs' Career Development Program is suspended and state general fund appropriation supporting the Sheriffs' Career Development Program is removed.

L. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia, \$8,000,000 the first year and \$8,000,000 the second year from the Wireless E-911 Fund is included in this appropriation for local law enforcement dispatchers to offset dispatch center operations and related costs.

M. Included in the appropriation for this item is \$2,326,937 the first year and \$2,443,441 the second year from the general fund to support costs associated with staffing the Rappahannock Regional Jail Unit D, the Pittsylvania County Jail expansion, the replacement facility for the Patrick County Jail and the Blue Ridge Regional Jail expansion.

N. Notwithstanding § 15.2-1609.1, Code of Virginia, the Compensation Board shall fund local law enforcement deputies for any county without a police force at no more than one deputy for each 2,000 population. The Compensation Board is authorized to provide five law enforcement deputies for counties without a police force and a population less than 10,000.

O. Included in the appropriation for this item is \$4,150,224 the first year and \$10,837,085 the second year from the Virginia Public Safety Fund to support local court security deputies.

P. Included in the appropriation for this item is \$4,150,224 the first year and \$10,837,085 the second year from the Virginia Public Safety Fund to support local law enforcement deputies."

Authority: §§ 53.1-83.1, 53.1-84 and 53.1-85, Code of Virginia.

A. In the event the appropriation in this item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2011, and June 1, 2012, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this item, the following definitions shall be applicable:

1. Effective sentence--a convicted offender's sentence as rendered by the court less any portion of the sentence suspended by the court.

2. Local responsible inmate--(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.

3. State responsible inmate--any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is (i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years.

C. The individual or entity responsible for operating any facility which receives funds from this item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.

E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to incarceration program operated by, or under the authority of, the sheriff or jail board:

1. For local responsible inmates--\$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate day.

2. For state responsible inmates--\$12 per inmate day.

F. For the payment specified in paragraph E1 of this item for prisoners in alternative punishment or alternative to incarceration programs:

1. Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.

2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of \$22 per day for local responsible inmates and \$28 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this item, as

identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H1.

4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. Any sheriff or regional jail administrator who houses contract prisoners from other states, the District of Columbia, or the federal government for more than 48 hours, shall provide a monthly report to the Director, Department of Corrections, which shall include the classification of the level of security of each such contract inmate and the level of security of the housing unit in which such inmates are confined.

6. The Compensation Board shall apply the cost recovery methodology set out in paragraph H1 of this item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.

7. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.

I.1. Within the limits of funds appropriated in this item, local and regional jails shall enter into agreements with the Director, Department of Corrections, to house state-responsible offenders and effect transfers of convicted state felons between and among local and regional jails.

2. Such agreements shall be entered into for a period of one year, subject to the limitations of available funding and shall be for offenders in work release or other reentry programs, with a minimum percentage of bed space guaranteed by the local or regional jail and shall take precedence over contracts for housing federal prisoners, within the limits of bed space availability as defined pursuant to standards of the Board of Corrections, except in any case where a federal agency has contributed a share of the capital cost of the facility in return for a guarantee of a proportional number of beds. Bed space pursuant to such agreements shall be determined by the Director, Department of Corrections, based upon state prisoner intake compliance, operational capacity of the jail, and current and projected prisoner population of the jail.

3. Pursuant to such jail contract bed agreements, the Compensation Board is authorized to provide payment to localities in an amount not to exceed \$8 per state felon day, which shall be in addition to any such amounts otherwise authorized by this act. Any such funds received by the localities as a result of this provision shall be used for the maintenance and operation of the local or regional facility.

J. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between items 417 and 418, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.

K. Projected growth in per diem payments for the support of prisoners in local and regional jails shall be based on actual inmate population counts up through the first quarter of the affected fiscal year.

L. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Mental Health, Mental Retardation and Substance Abuse Services, and shall be coordinated with the data submissions for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.”

There shall be no reduction in salary by reason of a decline in population during the terms in which the incumbent remains in office.

2. In determining the salary of any officer specified in Items 417, 419, 420, 421, 422, and 423 of this act, nothing herein contained shall prevent the governing body of any county or city from supplementing the salary of such officer in such county or city for additional services not required by general law; provided, however, that any such supplemental salary shall be paid wholly by such county or city.

3. Any officer whose salary is specified in Items 417, 419, 420, 421, 422, and 423 of this act shall provide reasonable access to his work place, files, records, and computer network as may be requested by his duly elected successor after the successor has been certified.

B.1. Notwithstanding any other provision of law, the Compensation Board shall authorize and fund permanent positions for the locally elected constitutional officers, subject to appropriation by the General Assembly, including the principal officer, at the following levels:

	<u>FY 2011</u>	<u>FY 2012</u>
Sheriffs	10,501	10,501

2. The Compensation Board is authorized to provide funding for 549 temporary positions the first year and 549 temporary positions the second year.

3. The board is authorized to adjust the expenses and other allowances for such officers to maintain approved permanent and temporary manpower levels.

4. Paragraphs B 1 and B 2 of this item shall not apply to the clerks of the circuit courts and their employees specified in § 17.1-288, Code of Virginia, or those under contract pursuant to § 17.1-290, Code of Virginia.

C.1. Reimbursement by the Compensation Board for the use of vehicles purchased or leased with public funds used in the discharge of official duties shall be at a rate equal to that approved by the Joint Legislative Audit and Review Commission for Central Garage Car Pool services. No vehicle purchased or leased with public funds on or after July 1, 2002 shall display lettering on the exterior of the vehicle that includes the name of the incumbent sheriff.

2. Reimbursement by the Compensation Board for the use of personal vehicles in the discharge of official duties shall be at a rate equal to that established in § 4-5.04 f 2. of this act. All such requests for reimbursement shall be accompanied by a certification that a publicly owned or leased vehicle was unavailable for use.

D. The Compensation Board is directed to examine the current level of crowding of inmates in local jails among the several localities and to reallocate or reduce temporary positions among local jails as may be required, consistent with the provisions of this act.

E. Any new positions established in Item 424 of this act shall be allocated by the Compensation Board upon request of the constitutional officers in accordance with staffing standards and ranking methodologies approved by the Compensation Board to fulfill the requirements of any court order occurring from proceedings under § 15.2-1636.8, Code of Virginia, in accordance with the provisions of Item 417 of this act.

F. Any funds appropriated in this act for performance pay increases for designated deputies or employees of constitutional officers shall be allocated by the Compensation Board upon certification of the constitutional officer that the performance pay plan for that office meets the minimum standards for such plans as set by the Compensation Board. Nothing herein, and nothing in any performance pay plan set by the Compensation Board or adopted by a constitutional officer, shall change the status of employees or deputies of constitutional officers from employees at will or create a property or contractual right to employment. Such deputies and employees shall continue to be employees at will who serve at the pleasure of the constitutional officers.

G. The Compensation Board shall apply the current fiscal stress factor, as determined by the Commission on Local Government, to any general fund amounts approved by the Board for the purchase, lease or lease purchase of equipment for constitutional officers. In the case of equipment requests from regional jail superintendents and regional special prosecutors, the highest stress factor of a member jurisdiction will be used.

H. The Compensation Board shall not approve or commit additional funds for the operational cost, including salaries, for any local or regional jail construction, renovation, or expansion project which was not approved for reimbursement by the State Board of Corrections prior to January 1, 1996, unless: (1) the Secretary of Public Safety certifies that such additional funding results in an actual cost savings to the Commonwealth or (2) an exception has been granted as provided for in Item 377 of this act.

I. Out of this appropriation \$118,110 the first year and \$118,110 the second year from the general fund is designated for executive management, lawful employment practices, and new deputy and jail management training for constitutional officers, their employees, and regional jail superintendents.

J. Any local or regional jail that receives funding from the Compensation Board shall report inmate populations to the Compensation Board, through the local inmate data system, no less frequently than weekly. Each local or regional jail that receives funding from the Compensation Board shall use the Virginia Crime Codes (VCC) in identifying and describing offenses for persons arrested and/or detained in local and regional jails in Virginia.

K.1. The Compensation Board shall provide the Chairmen of the Senate Finance and House Appropriations Committees and the Secretaries of Finance and Administration with an annual report, on December 1 of each year, of jail revenues and expenditures for all local and regional jails and jail farms which receive funds from the Compensation Board. Information provided to the Compensation Board is to include an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, any other fees collected from inmates and investment/interest monies for inclusion in the report.

2. Local and regional jails and jail farms and local governments receiving funds from the Compensation Board shall, as a condition of receiving such funds, provide such information as may be required by the Compensation Board, necessary to prepare the annual jail cost report.

3. If any sheriff, superintendent, county administrator, or city manager fails to send such information within five working days after the information should be forwarded, the Chairman of the Compensation Board shall notify the sheriff, superintendent, county administrator or city manager of such failure. If the information is not provided within ten working days from that date, then the chairman shall cause the information to be prepared from the books of the city, county, or regional jail and shall certify the cost thereof to the State Comptroller. The Comptroller shall issue his warrant on the state treasury for that amount, deducting the same from any funds that may be due the sheriff or regional jail from the Commonwealth.

L. In the event of the transition of a city to town status pursuant to the provisions of Chapter 41 (§ 15.2-4100 et seq.) of Title 15.2, Code of Virginia, subsequent to July 1, 1999, the Compensation Board shall provide funding from Items 417, 420, 421, 422, and 423 of this act, consistent with the requirements of § 15.2-1302, Code of Virginia. Notwithstanding the provisions of paragraph F of this item, any positions in the constitutional offices of the former city which are available for reallocation as a result of the transition shall be first reallocated in accordance with Compensation Board staffing standards to the constitutional officers in the county in which the town is situated, without regard to the Compensation Board's priority of need ranking for reallocated positions. The salary and fringe benefit costs for these positions shall be deducted from any amounts due the county, as provided in § 15.2-1302, Code of Virginia.

M. Notwithstanding any other provisions of § 15.2-1605, Code of Virginia, the Compensation Board shall provide no reimbursement for accumulated vacation time for employees of Constitutional Officers.

N. The Compensation Board is hereby authorized to deduct, from the first reimbursements made each year to localities out of the amounts in Items 417, 419, 420, 421, 422, and 423 of this act, an amount equal to each locality's share of the insurance premium paid by the Compensation Board on behalf of the constitutional offices, directors of finance, and regional jails.

O. Effective July 1, 2007, the Compensation Board is authorized to withhold reimbursements due the locality for sheriff and jail expenses upon notification from the Superintendent of State Police that there is reason to believe that crime data reported by a locality to the Department of State Police in accordance with § 52-28, Code of Virginia, is missing, incomplete or incorrect. Upon subsequent notification by the Superintendent that the data is accurate, the Compensation Board shall make reimbursement of withheld funding due the locality when such corrections are made within the same fiscal year that funds have been withheld.

P. Included in this appropriation is \$993,274 the first year and \$993,274 the second year from the general fund for the Compensation Board to contract for services to be provided by the Virginia Center for Policing Innovation to implement and maintain the interface between all local and regional jails in the Commonwealth and the Statewide Automated Victim Notification (SAVIN) system, to provide for SAVIN program coordination, and the Virginia Sex Offender Registry.

Q. Notwithstanding the provisions of § 51.1-1403 A, Code of Virginia, the Compensation Board is hereby authorized to deduct, from the first reimbursements made each year to localities out of the amounts in Items 417, 419, 420, 421, 422, and 423 of this act, an amount equal to each locality's retiree health premium paid by the Compensation Board on behalf of the constitutional offices, directors of finance, and regional jails.

R. Notwithstanding any other provision of law to the contrary, beginning July 1, 2010, the state support in Items 417, 419, 420, 421, 422, and 423 for group life insurance and retirement costs is eliminated and state general fund appropriation is removed."

“3.1 Appropriations for contributions in paragraphs 2 and 3 above include payments from funds derived from the principal of the Literary Fund in accordance with Article III, Section 8, of the Constitution of Virginia. The amounts set aside from the Literary Fund for these purposes shall not exceed \$125,000,000 the first year and \$124,511,428 the second year.”

Page 91, after line 28, insert:

“g. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at \$57,610,000 in fiscal year 2011 and \$57,792,000 in fiscal year 2012. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. By fiscal year 2011, high schools within the division shall administer 100 percent of SOL tests online; by fiscal year 2012, middle and high schools shall

administer 100 percent of SOL tests online; and by fiscal year 2013, elementary, middle, and high schools shall administer 100 percent of SOL tests online. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) The Board of Education shall authorize amounts estimated at \$13,488,572 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in fiscal year 2011.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs in fiscal year 2011 and in fiscal year 2012. In developing the proposed 2012-14, 2014-2016, and 2016-2018 biennial budgets for public education, the Board of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2013, 2014, 2015, 2016, and 2017.

4) Grant funds from the issuance of \$57,610,000 in fiscal year 2011 and \$57,792,000 in fiscal year 2012 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2010, for the fiscal year 2011 issuance, and September 30, 2011, for the fiscal year 2012 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.

5) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that administer SOL tests in Spring 2010 and that are not fully accredited based on school accreditation ratings in effect for fiscal year 2011 will qualify for a supplemental grant of \$26,000 per school in fiscal years 2011, 2012, and 2013. Schools that administer SOL tests in Spring 2011 and that are not fully accredited based on school accreditation ratings in effect for fiscal year 2012 will qualify for a supplemental grant of \$26,000 per school in fiscal years 2012, 2013, and 2014. Schools eligible to receive these three-year supplemental grants shall only receive them one time.

6) Required local match:

a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match shall be used for teacher training in the use of instructional technology. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The School for the Deaf and the Blind is exempt from the match requirement.

b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants of \$26,000 per school pursuant to paragraph g. 5) and where 100 percent of SOL tests are administered online in the schools receiving the supplemental grants shall give first priority to purchasing these technology-based interventions as well as teacher training in the use of the interventions from their required local match.

7) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.

8) Funds shall be used in the following manner:

a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.

b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.

c) School divisions shall be eligible to apply for and receive supplemental grants of \$26,000 per qualifying school pursuant to paragraph g. 5). These supplemental grants shall be used first for the purpose of developing and maintaining capacity to support 100 percent online SOL testing of all students in qualifying schools and helping the schools achieve full accreditation with the assistance of targeted technology-based interventions. Any purchase of technology-based interventions as described in paragraph g. 6) b) with supplemental grant funds must be qualifying expenses under the technology notes program. Eligibility for these funds requires divisions to submit an application and plan that includes goals, objectives, strategies, and a timeline for implementation. Division plans will be reviewed and approved by the Superintendent of Public Instruction prior to disbursement of the supplemental grant funds.

d) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

9) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.”

“Q. The Commissioner of the Department of Behavioral Health and Developmental Services (DBHDS) shall establish a planning process to identify concrete steps to provide children’s mental health services, both inpatient and community-based, as close to children’s homes as possible. The planning process will produce a comprehensive plan that ensures there are child-centered services, both inpatient and community-based, delivered at the community level in every Health Planning Region in the Commonwealth. The target populations to be addressed in this plan are children through age 17 who: (i) have a mental health problem, (ii) may be in contact with the juvenile justice or courts systems, (iv) may require emergency services, or (v) may require long term community mental health and other supports. The planning process should identify the mental health and substance abuse services that are needed to help families keep their children at home and functioning in the community and should define the role that the Commonwealth Center for Children and Adolescent will play in this effort. The plan should establish and rank recommendations based on greatest priority and identify future funding associated with each recommendation. The planning process shall include input from community services boards, state and private inpatient facilities, the Department of Social Services, the Office of Comprehensive Services, the Department of Juvenile Justice, the Department of Education, the Department of Medical Assistance Services, parents of children with mental health and co-occurring substance abuse problems, advocates for child mental health and co-occurring services, and any other persons or entities the DBHDS deems necessary for full consideration of the issues and needed solutions. The Commissioner shall report interim findings to the Chairmen of the House Appropriations and Senate Finance Committees by October 1, 2010 and a final report by November 1, 2011.

“H.1. The Chief Information Officer of the Commonwealth (CIO) shall implement actions as necessary to reduce staffing levels and functions of the Virginia Information Technologies Agency (VITA) pursuant to the terms and limitations set forth in the following paragraphs and in compliance with the intent and provisions of this act. The Director, Department of Planning and Budget, is authorized to transfer appropriations in this act as necessary to carry out the budget reductions resulting from this item.

2. In carrying out any reductions resulting from this item, the actions implemented will be based on a “Restructuring Plan for the Virginia Information Technologies Agency” developed by the CIO not later October 31, 2010. The CIO shall present the proposed Restructuring Plan to the Governor, the Chairmen of the House Appropriations, House General Laws and Technology, Senate General Laws, and Senate Finance Committees prior to approval by the Secretary of Technology. The Plan shall include the specific actions enumerated below. Implementation of these actions shall begin in fiscal year 2011 and continue through fiscal year 2012. The Plan shall be phased so as to ensure that necessary overhead savings are achieved to meet the budgetary reductions set out in other items of this act.

3. Such plan shall:

a. Ensure that the actions of VITA are focused on 1.) the timely completion of all transition and transformation activities as currently defined in the comprehensive infrastructure agreement (“contract”) or any successor contract for the operations of the Commonwealth’s information technology infrastructure; 2.) provide for dedicated resources to manage any outsourcing contracts valued at more than \$1 million annually; 3.) improve the security of information technology used by State agencies; and 4.) continue progress toward the completion of enterprise applications projects undertaken by VITA and other State agencies.

b. Set service and staffing levels for VITA programs that have clear and measurable performance requirements; are clearly linked to the goals set forth in this item; and are included in discrete cost centers.

c. Reconfigure, including the elimination and consolidation of organizational units, to achieve at least a 30 percent reduction in the number of total directorates, including those units supported by nongeneral fund sources. In planning for these reductions, the CIO shall evaluate the potential for implementing a human resources service bureau with the Department of Human Resource Management; the potential for transferring Supply Chain Management responsibilities to the Department of General Services, and the long-term viability of the Enterprise Applications Division.

d. As part of the consolidation of directorates, ensure that the supervisory layers between the lowest line staff and the CIO shall be no more than four;

e. use an objective methodology on which to base all actions and take no actions until customer input has been considered; and

f. ensure that appropriate accountability, compliance, and oversight by auditors is conducted on all programs and functions on a periodic basis.

4. A. The purpose of this item is to capture savings in state aid to local government programs in a manner that provides localities flexibility in how such savings are implemented. This reversion is necessary as a result of the downward adjustment in general fund revenues caused by the slowing of the Virginia economy.

B. Within 30 days after enactment of this act, the Director of the Department of Planning and Budget, shall provide the chief operating officer of each city and county in the Commonwealth a list of certain state aid to local government programs along with an estimate of the general fund amount for each program that each county and city could expect to receive from the state during each year of the biennium. The total amount listed for these programs will serve as the basis for calculating the savings apportioned to each city and county for this item. The savings apportionment will be equal to the percentage of the aggregate general fund amount for all of these state aid programs in each city and county totaling \$60,000,000 the first year and \$60,000,000 the second year.

C. Each city and county in the Commonwealth shall have flexibility in determining how it will implement the savings apportioned to it. Each city or county can choose to (1) take the total savings out of one program included on the list provided by the Department of Planning and Budget, (2) reduce multiple state aid programs on a proportional basis or by a specified percentage reduction, or (3) reimburse the Commonwealth in aggregate for their share of the savings, thereby keeping the state aid programs at an unreduced level. Each locality may also use number 3 above in combination with 1 or 2. The governing body of each city or county shall make its selection and certify its choice to the Director, Department of Planning and Budget, by August 30, 2010. Within 10 days of receipt, the Director, Department of Planning and Budget, shall review such certification for accuracy to ascertain that the required savings apportioned to the city or county are obtainable using the selection(s) submitted on the certification. Unless, the Director, Department of Planning and Budget, finds a certification to include savings that are not obtainable or sustainable, the certification shall be approved and implemented without further delay. In the event that a city or county has not submitted

or obtained an approved certification by October 1, 2010, the Director, Department of Planning and Budget, is hereby authorized to withhold an amount equivalent to the savings apportioned to the affected city or county from the aid to local government programs that the Director determines are most discretionary and represent general purpose aid to the local government in question before he begins to withhold any funds from categorical grants serving a particular functional area or public service. The Director, Department of Planning and Budget, shall notify the affected locality of his decision in this regard and such decision shall remain in force unless it is superseded by the subsequent approval of a certification for the affected city or county after October 1, 2010.

D. The savings in state aid to local government programs identified by each city or county on their approved certification (or by the Director, Department of Planning and Budget, in absence of an approved certification) shall be transferred from the other items where such amounts are appropriated in this act to offset the reversion amount listed in this item. Payments from local governments electing to use option (3) above in paragraph C shall be deposited to a suspense account which shall be administered pursuant to § 3-1.03 of this act.”

**ADJOURNMENT SINE DIE
MESSAGE FROM THE HOUSE**

A message was received from the House of Delegates by Delegate Griffith, who informed the Senate that the House had agreed to **H.J.R. 495** (four hundred ninety-five), as follows; in which it requested the concurrence of the Senate:

HOUSE JOINT RESOLUTION NO. 495

Adjournment Sine Die.

WHEREAS, the House of Delegates and the Senate are ready to adjourn sine die; now, therefore, be it

RESOLVED by the House of Delegates, the Senate concurring, That a committee of six on the part of the House of Delegates and five on the part of the Senate, be appointed to inform the Governor that the Regular Session of the 2010 General Assembly is ready to adjourn sine die and to inquire if he has any communication to make.

H.J.R. 495, being of a purely procedural nature, was taken up for immediate consideration and agreed to.

Senator Saslaw was ordered to inform the House of Delegates thereof.

The President appointed Senators Colgan, Saslaw, Whipple, Norment, and Newman, the committee on the part of the Senate to inform the Governor that the General Assembly was ready to adjourn sine die and to inquire if he had any communication to make.

Subsequently, Senator Colgan, from the committee to inform the Governor that the General Assembly was ready to adjourn sine die and to inquire if he had any communication to make, reported that the committee had performed that duty and presented the following communication from the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor

March 14, 2010

TO THE MEMBERS OF THE GENERAL ASSEMBLY:

As we conclude the work of the 2010 session of the General Assembly I congratulate the members of the oldest continuous legislative body in the Western Hemisphere for your leadership, cooperation and dedication to the citizens of Virginia.

This has not been an easy time to serve in elective office. The global economic downturn has resulted in job losses and reduced incomes for Virginians in every city and county. It has led to declining revenue and very tough choices here in Richmond. It has caused hardship and sacrifice for many Virginia families and businesses. As we began this session, we all knew well the difficult decisions that our current circumstances demanded we make. The size of this year's \$4.2 billion deficit, and the \$2.3 billion in budget reductions I proposed, were both unprecedented in Virginia history.

Upon taking office on January 16th, I laid out three top priorities for our first session together. First, we must come together to close an historic budget shortfall of \$4.2 billion through spending reductions and prioritization, not tax increases on the people. Second, even in the midst of our difficulty budgetary

situation, we must have the foresight to invest in policies that promote job creation and economic development in the years ahead. Third, we would institute innovative education reform in our public schools to provide new opportunities for parents and school children, particularly those who are at-risk and disadvantaged. Two months later, all three of these objectives have been achieved through bipartisan cooperation between the executive and legislative branches.

The spending reductions in this budget, necessitated by the decline in revenue, have not been easy to make. Education and health care cuts will have a real impact on many Virginians. However, you have done well for our people by rejecting record new proposed tax increases, restoring cuts to public safety, and preserving funding for transportation and higher education. I applaud Senator Colgan, Delegate Putney and the members of both bodies, from both parties, who have led the way in this historically challenging and critically important time.

When I presented our “Jobs and Opportunity Agenda” on January 26th I was joined by Democratic and Republican bill patrons from both chambers. The bipartisan launch of our 36 pieces of legislation designed to promote job creation and economic development, has been replicated in the bipartisan success these measures have enjoyed. Thank you for your support. When these new policies take effect, we will have a more competitive Governor’s Opportunity Fund to help attract new businesses to Virginia, tax credits for major job creation projects and green jobs, new growth tools for high unemployment areas of our state, resources for the fast-growing science and bio-tech fields, and new investments in, and incentives for, tourism, film production, wine-making, and other job-creating industries. With these new tools we will focus on creating jobs and expanding the tax base.

Our “Opportunity to Learn” education reform agenda similarly benefited from bipartisan support. No matter what party we belong to, we all agree that a child’s educational opportunities should be determined by her intellect and desire to learn, not her zip code. The effort to pass these measures required compromise and cooperation of a kind rarely seen in government today. It will now be easier to open a high-quality public charter school in Virginia. Virtual learning programs will grow with more technology. Colleges and universities will be able to bring their immense resources to our public education system to the benefit of our young people. These reforms will benefit all Virginia parents, students and teachers, and particularly those students who are at-risk and disadvantaged.

We also were able to take a number of other actions that will have a positive impact on the people of Virginia. Performance audits of major state agencies will help identify savings and efficiencies. Major VITA restructuring will ensure more accountability in the state’s information technology system. Drivers will be able to move a little faster on long stretches of Virginia’ interstates, and stop again at our reopened rest stops. There will be new protections for victims of domestic violence. We have moved a step closer to becoming the “Energy Capital of the East Coast” through the passage of proactive legislation to make our official state policy favor offshore energy exploration and development, and devote future royalties and revenues to transportation and green energy research and development.

For 14 years I served with you in the legislature. Together we debated the major issues of the day and vigorously articulated and defended our core philosophies and big ideas. We also never forgot that at the end of those debates, we remained first and foremost Virginians, with a common commitment to excellence and results for the citizens. Thanks for your cooperation, and the general civility through which you dealt with our Administration in our first sixty days together. I look forward to continuing to work with you in the years ahead to build the “Commonwealth of Opportunity” that every Virginian deserves to call home.

Travel safely, enjoy the time back with your families, and prosper from again being in the citizen role of a citizen-legislator.

May God Continue to Bless the Commonwealth of Virginia,

/s/ Robert F. McDonnell

Senator Colgan moved that the Senate adjourn sine die.

The motion was agreed to.

The President declared the Senate adjourned sine die.

WEDNESDAY, APRIL 21, 2010

The Senate met at 12 m. in Reconvened Session of the 2010 Regular Session and was called to order by the President pro tempore, Senator Charles J. Colgan.

Pastor Randy Singer, Trinity Church, Virginia Beach, Virginia, offered the following prayer:

Dear Heavenly Father:

We acknowledge You today as “that great and glorious Being who is the author of all the good that was, that is, or that will be.” We are grateful for the “civil and religious liberty” we possess and we are mindful of our duty “to acknowledge [Your] providence...obey Your will...be grateful for Your benefits, and to humbly implore Your protection and favor.” [George Washington, National Thanksgiving Proclamation, October 3, 1789]

We know, Lord, “that morality and religion are indispensable supports...[of] political prosperity.” In vain would we claim to be patriots if we labor to subvert these great pillars of human happiness... The mere politician, equally with the pious man, ought to respect and to cherish them.” [George Washington, 1796 Farewell Address]

Father, We acknowledge that “ ‘[unless] the Lord builds the house, they labor in vain that build it.’ We firmly believe this; and we also believe that without Your concurring aid we will succeed in [our political endeavors] no better than the Builders of Babel.” [James Madison, Constitutional Convention, June 28, 1787]

Help us to understand that we do not fight our battles alone. This Senate has faced huge challenges this year, but we know that “We are not weak, if we make a proper use of those means which [You] have placed in our power.” We believe that [You] are a just God who presides over the destiny of nations...” [Patrick Henry, Virginia House of Delegates, March 23, 1775] and we invite You to preside over the session of this Senate today.

Help our Senators today, Lord, to walk in our great heritage as Virginians, to stand honorably on the shoulders of those who have gone before, and to govern in a way worthy of their high calling. Give them the wisdom to know Your will, the courage to do it, and the strength to make it endure.

With respect for all faiths gathered here today, I ask these things according to my tradition in the name of the Father and the Son and the Holy Spirit. Amen.

The roll was called and the following Senators answered to their names:

Blevins, Colgan, Deeds, Edwards, Hanger, Herring, Houck, Howell, Hurt, Locke, Lucas, Marsh, Martin, McDougle, McWaters, Miller, J.C., Miller, Y.B., Newman, Norment, Northam, Obenshain, Petersen, Puckett, Puller, Quayle, Reynolds, Ruff, Saslaw, Smith, Stosch, Stuart, Ticer, Vogel, Wagner, Wampler, Watkins, Whipple.

HOUSE BILLS WITH GOVERNOR'S RECOMMENDATIONS

H.B. 29 (twenty-nine) was taken up together with the following communication from the Governor:

COMMONWEALTH OF VIRGINIA
Office of the Governor

April 13, 2010

TO THE HOUSE OF DELEGATES

HOUSE BILL 29

I approve the general purpose of this bill, but I am returning it without my signature with the request that 14 amendments be adopted. While these amendments are necessary, I want you to know that I very much appreciate the fiscally responsible manner in which you acted on HB 29. Your efforts increase the likelihood that the Commonwealth will close the fiscal year in a manner that will enable our financial statements to show no further deterioration in our cash position.

The amendments I am proposing address issues that have largely come to my attention since you adjourned on March 14. First, I applaud your dedication to our hardworking state employees through the adoption of a contingent three percent bonus payable in December 2010. To help state employees and better their chances to receive this bonus, I propose to broaden this provision through an amendment that will encourage efficiency in the operation of our state agencies. Specifically, I propose language to allow discretionary year-end general fund operating balances recommended for reversion to be added to surplus in general fund revenue for the purpose of determining whether the threshold for paying the bonus has been met. State employees deserve this bonus and with my amendment, they will have the opportunity to help themselves by saving money in their agencies that can be used to fund the bonus. This is a win-win incentive. It is good for state employees and it is good for state government by reducing typical end of fiscal year spending.

In addition, HB 29, as enrolled, contains provisions related to the Virginia Information Technologies Agency (VITA). These current provisions do not reflect the significant advancements that have been made in this agency and state information technology services since you adjourned. These advancements include the appointment of a new Chief Information Officer and agreed upon contract revisions between VITA and private sector contractor Northrop Grumman (NG).

Given these events, I am proposing modest changes to the reporting language in HB 29 concerning VITA/NG contract modifications. I believe my proposed changes are consistent with legislative intent embedded in the VITA restructuring legislation you passed and that they will provide relevant information in a timely manner to the General Assembly regarding our progress in implementing the advances in the amended contract. I also believe my changes will provide the needed significant flexibility for career professionals to manage ongoing information technology functions on a daily basis.

In addition to these language changes, I am offering an amendment to fully restore the fiscal year 2010 funding to assist state agencies in paying their existing bills for information technology services. Without this additional funding, state agencies will have insufficient resources to pay their entire information technology charges this fiscal year. This will subsequently impact VITA's cash flow and ability of the state to meet its contracted obligations to pay for information technology services. Be assured of my shared commitment to personally insure improved quality of services at both VITA and NG.

A limited number of spending, savings, and technical amendments make up the remainder of the proposed amendments. A complete listing of my proposed amendments is attached to this letter. The combined effect of these amendments will reduce the unappropriated general fund balance by \$8.7 million on June 30, 2010. This reduction is offset by additional resources and savings in HB 30 during the 2010-12 biennium.

I respectfully request your adoption of these amendments, so that they may be incorporated into the Appropriation Act for the remainder of fiscal year 2010.

Respectfully submitted,

/s/ Robert F. McDonnell

§ 4-7.01 MANPOWER CONTROL PROGRAM

a.1. The term Position Level is defined as the number of full-time equivalent (FTE) salaried employees assigned to an agency in this act. Except as provided in § 4-7.01 b, the Position Level number stipulated in an agency’s appropriation is the upper limit for agency employment which cannot be exceeded during the fiscal year without approval from the Director, Department of Planning and Budget for Executive Department agencies, approval from the Joint Committee on Rules for Legislative Department agencies or approval from the appropriate governing authority for the independent agencies.

2. Any approval granted under this subsection shall be reported in writing to the Chairmen of the House Appropriations Committee and the Senate Finance Committee, the Governor and the Directors of the Department of Planning and Budget and Department of Human Resource Management within ten days of such approval. Approvals for executive department agencies shall be based on threats to life, safety, health, or property, or compliance with judicial orders or federal mandates, to support federal grants or private donations, to administer a program for another agency or to address an immediate increase in workload or responsibility or when to delay approval of increased positions would result in a curtailment of services prior to the next legislative session. Any such position level increases pursuant to this provision may not be approved for more than one year.

b. The Position Levels stipulated for the individual agencies within the Department of Mental Health, Mental Retardation and Substance Abuse Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided that such changes do not result in exceeding the Position Level for that department.

c.1. The Governor shall implement such policies and procedures as are necessary to ensure that the number of employees in the Executive Department, excluding institutions of higher education and the State Council of Higher Education, may be further restricted to the number required for efficient operation of those programs approved by the General Assembly. Such policies and procedures shall include periodic review and analysis of the staffing requirements of all Executive Department agencies by the Department of Planning and Budget with the object of eliminating through attrition positions not necessary for the efficient operation of programs.

2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions authorized in this act. This provision shall be waived only upon the Governor’s official declaration that a fiscal emergency exists requiring a change in the official estimate of general fund revenues available for appropriation.

d.1. Position Levels are for reference only and are not binding on agencies in the legislative department, independent agencies, the Executive Offices other than the offices of the Governor’s Secretaries, and the judicial department.

2. Positions assigned to programs supported by internal service funds are for reference only and may fluctuate depending upon workload and funding availability.

3. Positions assigned to sponsored programs, auxiliary enterprises, continuing education, and teaching hospitals in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. Positions assigned to Item Detail 43012, State Health Services Technical Support and Administration, at Virginia Commonwealth University are for reference only and may fluctuate depending upon workload and funding availability. Positions assigned to Item Detail 46102, Social Security Disability Determination, at the Department of

Rehabilitative Services are for reference only and may fluctuate depending upon workload and funding availability.

4. Positions assigned to educational and general programs in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. However, total general fund positions filled by an institution of higher education may not exceed 105 percent of the general fund positions appropriated without prior approval from the Director, Department of Planning and Budget.

e. Prior to implementing any Executive department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor’s Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

2. Not more than three positions in total, as described in subsection 1 hereof, may be assigned at any time to the Office of any Cabinet Secretary, unless specifically approved in writing by the Governor. The Governor shall notify the Chairmen of the House Appropriations and Senate Finance Committees in the case of any such approvals.”

H.B. 30 (thirty) was taken up together with the following communication from the Governor:

COMMONWEALTH OF VIRGINIA

Office of the Governor

April 13, 2010

TO THE HOUSE OF DELEGATES

HOUSE BILL 30

I approve the general purpose of this bill, but I am returning it without my signature with the request that 96 amendments be adopted. I am grateful to all members of the House of Delegates and the Senate for the excellent work you did during the Session to create House Bill 30. Despite the global economic downturn that has resulted in job losses, reduced incomes for Virginians in every city and county, and substantial reductions in state revenue, you took the necessary actions to close an historic shortfall of \$4.2 billion. Like all families and businesses across Virginia, you made the very tough choices which were required. In the end, the General Assembly provided proactive and responsible fiscal stewardship, and produced a budget which included no tax increases, restored personal property tax relief and critical public safety programs, maintained funding for transportation and higher education, and provided new financial resources to jump start our job creation and economic development efforts—for which I and the citizens of Virginia are most appreciative.

Although the enrolled bill addresses most of what I requested of you, I am returning it to you with amendments addressing three overarching themes: economic development and job creation, the provision of critical services, and technical amendments. These spending amendments totaling \$42.1 million are offset by amendments that will result in \$51.0 million in savings or additional revenue over the biennium, the excess to cover the \$8.7 million created by my amendments to HB 29. Included in the category of technical amendments are some actions that are necessary to address state and federal issues that have occurred since you adjourned in March. You will also find that the majority of the amendments in this category are language amendments. Many amendments were made at the request of members or Committee staff to address various issues.

Economic Development and Job Creation

Since January 16, I have made state economic development and job creation my Administration's number one priority. Consistent with this goal, the General Assembly in a bipartisan manner provided a significant additional funding to jump start numerous job creating initiatives. The enrolled budget bill includes substantial investments in funding for the Governor's Opportunity Fund, employer tax credits, critical tourism marketing efforts, and the Governor's Motion Picture Opportunity Fund. I applaud your efforts and all Virginians appreciate the diligence with which the resources in HB 30 were identified and appropriated for these purposes, to help combat our unacceptable 7.2 percent unemployment rate.

However, in reviewing HB 30, three major economic development and job creation categories were identified as requiring additional funding to meet our job creation objectives. These include the Internal Revenue Code (IRC) Section 199 Domestic Production Activity Deduction, the Governor's Opportunity Fund, and economic development commitments to major employers entered into by the prior administrations.

The IRS Section 199 provision encourages domestic manufacturing and subsequently quality jobs. Any proposal to eliminate this deduction is essentially a tax increase on eligible Virginia businesses. Moreover, this deduction affects private businesses' decision making regarding whether or not to locate and bring jobs to Virginia. Therefore, I recommend an amendment to provide the funds to maintain this important deduction at the current six percent rate.

In addition, I am proposing an amendment to restore the \$6.0 million reduction in the Governor's Opportunity Fund. This additional funding will send a clear signal to the business and economic development community that Virginia is committed to creating jobs through attracting, developing, and growing business as a public policy priority. I plan to focus on this issue during the full course of my Administration. Yet, if we are to succeed, it is critical that a fully funded arsenal of economic development tools be available to us so that we can compete nationally and internationally in business development and job creation.

Finally, I propose amendments that meet the existing commitments to SRI, Bank of America, and the Biofuels Production Incentive Grant program in support of a non-advanced neat biofuels production facility - who committed to grow or bring jobs to Virginia. These commitments were started under a prior administration, and we need to maintain our end of the agreement as the affected parties continue to meet their side of such agreements. By taking such actions, the business world will take note that Virginia keeps its word even in difficult economic times which only reinforces our well-earned reputation as a truly business-friendly state.

Maintain Critical Health and Human Resource and Public Safety Services

The second category of my spending amendments focus on the provision of critical services -- primarily human services and public safety. The additional funding proposed in these amendments is about 30 percent of the total proposed spending amendments. The major proposed human service spending amendments will ensure that critical child support enforcement activities will continue unabated despite the loss of federal funding. In addition, I propose an amendment to provide a transition period for rates paid to providers of intensive in-home services for children at risk of being moved from an in-home treatment setting.

Regarding public safety, which is a primary responsibility of government, I propose an amendment to fund the continued operation of all Department of Corrections' facilities in fiscal year 2011. Given the number of state correctional facilities closed by the prior Administration, and the current backlog of state inmates in local jails, maintaining our state prison capacity will provide us with the necessary flexibility to appropriately manage the inmate population at both the state and local levels in a safe and efficient manner. Companion amendments create a task force to evaluate the impact of modifying the definition of state responsible inmates and, at the same time, require the Department of Corrections to conduct an assessment of the correctional facilities that might be appropriate to close next year. Taken together, these amendments will ensure that any closure actions proposed in the future are based on the results of a complete and systematic evaluation of all factors, including the projections from the 2010 inmate forecast and the results of the task force evaluating the definition of state responsible inmate.

Technical and Issues Since Adjournment

The majority of my other amendments are technical in nature including revisions to clarify legislative intent of various language provisions in HB 30. Some of these other amendments also address issues that have occurred or changed since the General Assembly adjourned on March 14. For example, one amendment simply provides sufficient flexibility to ensure that the total of all restorations contained in HB 30 that are contingent on potential extensions of additional federal FMAP funding actually match the amount of funding the state eventually receives. Finally, other changes are recommended merely to enable state agencies to administer affected programs consistent with the actual funding provided in the enrolled budget.

One issue that has been pushed to the forefront since the General Assembly adjourned in March is the passage of federal health care reform. The magnitude of what the state will be required to implement and fund, while likely to be substantial, is mostly unknown at this point. Accordingly, I have proposed an amendment to move Virginia forward with an established best practice to help transition the state to a more cost-effective health care model in anticipation of federal Health Care Reform. Put simply, the world of health care delivery is changing and we need to position ourselves to deal with that change.

HB 30, as enrolled, contains provisions related to the Virginia Information Technologies Agency (VITA) that do not reflect the significant advancements that have been recently initiated with respect to this agency and information technology services in general. I thank you for passing legislation giving me the direct ability to begin the important reforms necessary at VITA to improve state information technology services. These reforms include the appointment of a new Chief Information Officer and better oversight of the IT contract between VITA and private sector partner Northrop Grumman. As I briefed many of you last week, negotiations completed last month resulted in contract revisions that resolve all outstanding performance and financial contractual issues between the Commonwealth and the company, and set much clearer contract performance expectations and enforcement provisions for the vendor. In the process, I have made it clear to all parties that my expectations are that going forward there will be dramatic improvement in IT functions for all state agency customers.

Given the significant improvements already made and the need for flexibility to respond to other issues as they arise, I am proposing modest changes to the reporting language in HB 30 concerning VITA oversight by the legislative department. I believe my proposed changes are consistent with legislative intent embedded in the new legislation and that they will provide the relevant information in a timely manner as requested by the General Assembly. Yet, I also believe my changes will provide significant flexibility for nonpolitical professionals to manage ongoing information technology functions on a daily basis. At the end of the day, balancing legislative reporting requirements proposed in HB 30 with improved operations of VITA will benefit agencies and citizens.

Finally, I propose an amendment that will prohibit a locality from charging retirement expenses to current local government employees, including teachers, police officers, sheriffs and others in cases where the locality has previously opted to cover the cost of such expenses. The amendment will ensure that current local employees are treated the same as current state employees in the funding of their retirement plans.

Recommended Resources

Given that some of my amendments increase spending, I am also offering amendments to HB 30 to provide the necessary resources to finance those proposals. The majority of resources come from three amendments. The first adjust the fines for speeding from \$5 per mile over the posted limit to \$6. This fine has not increased since July 2003, and this action will adjust it commensurate with the rate of inflation. Secondly, I am proposing another amendment to capture some funding in the Compensation Board that is in excess of what is needed to meet required retirement reimbursements and the elimination of a 90-day vacancy and turnover savings requirement for constitutional officers. Finally, I am proposing a minor reduction (one percent the first year and two percent the second year) to the Comprehensive Services Act funding. This action is consistent with expected savings from the ongoing cost containment controls you implemented earlier in the current biennium. Past changes have had positive effects in limiting uncontrolled growth in the program, and I am confident my proposed changes will continue that trend.

The budget you presented me left \$6.8 million unallocated. I am returning amendments to you, which if enacted, will leave a total uncommitted, unappropriated balance of approximately \$7.0 million to provide a reserve for unforeseen circumstances (such as a natural disaster). This is in line with previous unappropriated balances. I have proposed no change to the \$50 million reserve the General Assembly created as a down payment for future deposits to the Revenue Stabilization Fund, and have proposed no new fees.

Attached to this letter are my proposed amendments. In your review of these proposals, I think you will find they are consistent with the objectives that we both have strived for since January 16. Moreover, they improve what was already a good budget enacted by the General Assembly.

I respectfully request your adoption of these amendments so that they may be incorporated into the Appropriation Act for the 2010-2012 biennium.

Respectfully submitted,

/s/ Robert F. McDonnell

"KKKK.1.The Secretary of Health and Human Resources shall direct the Department of Medical Assistance Services to seek federal authority to implement a program of integrated managed care for the Medicaid/FAMIS populations and all covered services, including all community mental health/substance abuse services and all community and institutional long term care services. The program is intended to be statewide with regional contracts under a risk-based, capitated payment arrangement. This program shall not modify the delivery of services for individuals enrolled in the Program of All-Inclusive Care for the Elderly (PACE), nor shall this program modify the delivery of dental services to eligible Medicaid/FAMIS populations. The program may be modified as best practices in Medicaid coverage emerge and pilot projects may be implemented.

2. The program shall be designed in phases. For the first phase of this program, the department shall procure managed care organizations or entities to include all regions of the Commonwealth for managed care coverage of acute care needs, including the addition of community mental health and substance abuse services, residential treatment services, and mental health/substance abuse case management services, which are currently carved out of the managed care program. These programs shall be mandatory for all individuals enrolled in eligibility categories currently included under Medallion, Medallion II, or FAMIS. The department shall have the authority to promulgate emergency regulations to implement this provision effective December 1, 2011.

3. The second phase of this managed care program will include the mandatory coverage of acute and/or long term care services for Medicaid eligible children who are in foster care and under the custody of a local department of social services; for all recipients of community based care waiver programs and institutional long term care services; and individuals dually eligible for both Medicare and Medicaid. The department shall have the authority to promulgate emergency regulations to implement these changes prior to the completion of any regulatory process undertaken to effect such change.

4. The Director, Department of Planning and Budget, is authorized to transfer appropriation, from the second year to the first year within this Item, to fund the administrative and programmatic implementation costs of expanding Medicaid managed care. Implementation of this effort shall be deemed to meet the criteria of appropriation transfers pursuant to §4-1.03 c.5.b). The director is further authorized to transfer appropriation from Item 297 to Item 300, as necessary, to fund related administrative costs.
